

FOUNDATION AND INVESTMENT FEES

There are two types of fees associated with your fund at ECCF: **Foundation Fees** and **Investment Fees**.

Investment Fees are made up of third-party investment management fees and an investment oversight fee to ensure charitable assets are well managed for long-term growth.

Foundation Fees help offset the cost of operations to administer funds and ensures there is always a member of our team to assist you. These fees are also an investment back into our community as they support ECCF's **nonprofit capacity building** efforts and **Community Leadership** work.

Fees vary based on the size and type of your fund as well as the investment option you choose. Please see the charts below for details.

FOUNDATION FEES

FUND TYPE Minimum to establish	FOUNDATION FEES
