

YOUTH PHILANTHROPY INITIATIVE

APRIL 2ND-16TH, 2022

Now more than ever, kids and families are seeking opportunities to connect and contribute by way of authentic and meaningful experiences with local nonprofits. Essex County Community Foundation's NexGen Initiative aims to **empower our rising generations to be impactful changemakers** in Essex County.

HOW DO WE DO THIS?

-  Giving them a chance to have meaningful, fun, COVID-safe community service experiences with organizations in Essex County
-  Donating a small sum of money (funded by ECCF) to local nonprofits to support work in the community
-  Connecting local families and kids with GREAT work in our own community

HOW DOES THIS WORK?

- 1 Pick from a menu of local volunteer opportunities (animal, environmental, and family services)
- 2 Watch a short video created by local educators about what it means to be a changemaker.
- 3 Enjoy your volunteer experience between April 2nd and the 10th!
- 4 Donate to the nonprofit you volunteered with using the funds that ECCF provides to you.
- 5 Tell us what you liked and learned from the experience!
